

You will recognize Arbuckles' Ariosa Coffee in the cup, any time, by the taste. That "taste" identifies it as the straight, pure Brazilian and distinguishes it from the make - believe Mocha and Java, and sundry other misbranded or misnamed impostures.

The improvement in the quality of Ariosa is the natural consequence of our own commercial development, and promises more for the future. Sold in a sealed package only, for your benefit.

To Whom It May Concern.

Parties are selling and trying to sell land assuring purchasers that the land will be watered by the Harlingen Canal Co.

Under the circumstances, we deem it justice to all to state that we will positively water only land owned by us, and no other lands.

A DELIGHTFUL EVENT.

Number of Ladies Entertained by Mrs. Juan G. Fernandez.

The beautiful home of Mrs. Juan G. Fernandez on Elizabeth street was the scene of a delightful event this morning from half past nine to half past twelve o'clock, when Mrs. Fernandez entertained a number of guests who were invited especially to meet her sisters, the Misses McGary. Progressive High Five provided the morning's amusement. There were six tables of players, including the following: Mesdames Lott, Faisans, Loew, Cain, Mason, Wilkins, Kibbe, R. B. Creager, W. J. Rutledge, Porter, and Wheeler, Miss Wells, Miss Brulay, Miss Jeanne Brulay, Miss Fernandez, Miss Francisca Fernandez, Miss Maria Fernandez, Miss Irene Pntegnat, Miss Moore, Miss Lott, and Miss Fernandez of Huatusco, Mexico, besides Miss McGary and Miss Nell McGary, the fair guests of honor.

Very handsome prizes were awarded. The first, a massive jardiniere and stand, fell to Mrs. Creager and the second, a dainty china chocolate set, to Miss Moore. All had the privilege of cutting for the consolation prize, which was a very pretty glass tray, Miss McGary winning.

Later, the guests being still seated in fours at the card tables, each four had the privilege of cutting for another prize, the winners being made happy by the award of a box of Huyler's bon-bons.

Refreshments were served on the card tables and comprised lobster salad in tomato shells, chicken sandwiches, wafers, olives, ice cream and cake, all tempting and daintily served.

Mrs. Fernandez makes a charming hostess, and her guests departed with the most cordial expressions of appreciation for the pleasure which she had accorded them.

A Distinguished Author.

Mr. Frederick U. Adams, of New York, whose literary work has won for him a host of admirers, arrived in Brownsville last night. He is making tour of the Great West gathering data for a series of articles on the tremendous amount of work being done to develop the natural resources of that vast territory, and which he expects to publish in the various magazines devoting space to concrete stories of the marvels of our own country. THE HERALD reporter found Mr. Adams in the act of photographing an immense grape vine in one of the back yards of an Elizabeth street business house. He expressed himself as being delighted with the things he has seen in the very short time he has been with us. The visit to the Blalack farm this morning was an eye-opener as to the growth of sugar cane in the United States. Mr. Adams said the cane he saw in the fields this morning was as fine as any he had ever been privileged to see, equal to the cane he saw in famous fields of Cuba. It is hoped that he may be able to spend several days in the Brownsville country, as the work of Mr. Adams will be of untold value in placing the truth of this section before the world.

JAPS FOND OF BATHING.

Those Held at Laredo Use the Hose Every Evening

The eightythree Japs who crossed over from Mexico to Laredo Tuesday and asked permission of the immigration agent to enter this country are still held at the immigration building awaiting the arrival of a Japanese interpreter from San Antonio.

They wear a broad smile on their faces all the time and every night they go into the yard and take a bath by stripping off and having the hose turned on the n.

Raspberry Jam is only one of the many kinds of

BEECH-NUTS CONSERVES that we sell. The list includes all of the best fruits (and Peanut butter). Each is made from selected fruit and granulated sugar—nothing else—no preservative needed when packed in the famous Beech-Nut vacuum glass jars. The Beech-Nut method of making, retains the delicious flavor of the fruit, and makes them superior in many ways to the imported article. We recommend them to you.
